Streamline Frame Repair

Our team of expert technicians uses its new, super-sized Gold Medallion Collision Repair Systems Centurion™ Frame Machine to repair major collision damage on large vehicles. The new Centurion features huge 14-foot towers with 50-ton hydraulics and measures over 63 feet long.

The Centurion's versatile design includes varying deck lengths, four independently moving towers, convenient air and hydraulic quick couplers, large pressure gauges, shut off valves at each tower, heavy duty ramps on casters, as well modular construction for easy installation and accessory additions.

Polished Paint Results

Let Budget Truck and Auto put a custom look to your vehicle. We guarantee a high quality paint job to meet your needs and provide your vehicle, whether it may be a minor touch up or a complete paint job, with radiant refinishing results. Our team of designers and certified technicians have years of experience, and ability to put the on the ultimate finish that you are looking for.

Technicians are Dupont certified using Brewco Side Draft paint booth. This booth can be divided into two separate booths that can accommodate two semi trucks, or can be one large booth that can handle buses and large trailers. We use top of the line Dupont paint products including Imron 5000 and 6000, Industrial Imron and Imron Elite for a guaranteed lustrous finish.
